

ANNUAL REPORT

As of December 31, 2021

The Dane County Drainage Board submits the following annual report for the above identified drainage district for the twelve (12) month period ending December 31, 2021.

1. Financial statement

	Debits	Credits
Starting balance 1/1/21		\$8,312.88
Assessments for costs collected		15,758.71
Interest earned on borrowed funds		0.00
Other receipts		1,500.00
Total of all Receipts		\$25,571.59
Amount paid out for district activities	9,750.00	
Other payables: Loan pay back to #28	1,507.52	
Total of all Expenditures	\$11,257.52	
Ending Balance on 12/31/21		\$14,314.07
Assessments not collected	\$7,568.94	

2. No bonds have been issued or paid during the previous twelve (12) months.

3. Amounts paid out for District activities included:

a. Curtis Excavating, Inc.	\$9,750.00
b. Loan repayment to Dist. #28	<u>1,507.52</u>
TOTAL	\$11,257.52

4. Assessments for cost collected: \$15,758.71

5. There are no outstanding invoices.

6. There was no work done in the district.

7. A review and inspection of the district found the following: Flow in the main ditch at Cuba Valley Road was good. Willows are growing rapidly along the main ditch to the north. At the main ditch crossing Daley road, the brush is starting to grow. Major bank slumping and erosion where the 18-inch lateral from across CTH I enters the main drain has been repaired.

Town of Vienna has installed a 3-foot diameter culvert (estimated possible flow of 14 cubic feet/second) across Norway Groove School Road to carry water from Madison Sand and Gravel Land (quarry) on the north side of the road to Madison Sand and Gravel land on the south side of the road in Section 22. The new route for flow from the north is much shorter than before to the main drain in District 29. The potential problems are the erosion of bends in the main drain of District 29 and submerging of tile outlets of on-farm drainage systems that would reduce crop yields. Cleanout of the main drain (10,000 feet) is planned for this fall.

8. It is the Drainage Board's practice to review the condition of the district on an annual basis and as requested by district residents. All work within the district on district facilities is approved and performed pursuant to Chapter 88 of the Wisconsin Statutes and Chapter ACTP 48 of the Wisconsin Administrative code. I certify that the information contained in the annual report is true.

Date: February 2, 2022
