ANNUAL REPORT

As of August 31, 2017

The Dane County Drainage Board submits the following annual report for the above identified drainage district for the twelve (12) month period ending August 31, 2017.

1. No work done in the district.
2. An agreement with the Village of DeForest has transferred the portion of District 22 within the Village limits to the Village for maintenance and management.
3. A review and inspection of the district found the following:

The tile outlets into the main ditch along Hickory Road were checked. A clean-out of the ditch along Hickory Road to Interstate 39-90-94 is needed to provide an adequate outlet for the tile lines. The ditch does not have a stream history, so permits have been applied for from Dane County Land and Water and Zoning.
